

Funerals

We can face the sadness and pain of death because we trust that a life well lived is precious to God.

St Mary's and Holy Trinity churches have been the venues for funerals for centuries: remembering the departed with thanksgiving, praying for comfort for the bereaved, and honouring those who have died.

If you wish to discuss a funeral, memorial service or interment of ashes, please **contact the Rector**.

We do all that we can to make the event personal and special to all involved, to help with preparation, arrangements and administration and to bring the deeper and spiritual significance of these times to the surface.
