

Emerging alongside the various worshipping congregations that meet at St Mary's, there is a missional community called Common Ground.

Its name picks up the desire in the town centre that St Mary's should be "Common Ground" for the churches of the town, and also "Common Ground" for those who live and work in and visit the town.

People from several Guildford churches have chosen to come together in community, covenanting together to PRAY, MEET, and GO TOGETHER IN MISSION.

We have pioneered Night Church in the town, hold provocative art exhibitions (themed as "The Art of Being Human"), design creative presentations of the Christmas and Easter stories, offer hospitality and collaborate with the St Mary's congregation in creative missional offerings in the town.
