

Bell Ringing

Our parish has a lively band of ringers who ring the bells for morning services at both Holy Trinity and St Mary's as well as weddings and civic occasions.

Practice nights are on Wednesdays alternating between Holy Trinity and St Mary's from 8.00am to 9.15pm.

Our ringers play a full part in local activities of Guildford Diocesan Guild. We take part in special training days, outings and competitions. Of course, there is always a therapy meeting in the pub after practice!

Church bell ringing is based on sequences of numbers in 'methods' rather than 'tunes', so no musical ability is needed. It combines the physical skill of controlling a large mass of moving metal with the mental ability of remembering an increasing repertoire of methods. New recruits are always welcome. We teach learners of any age but you do need to be strong enough to handle the bells!
